### Eating
The railway is now over 150 years old with much of the infrastructure dating back to the earliest days of the KWVR in the nineteenth century. As you would expect, some of the Railway's structures are succumbing to the passage of time and one such is Bridge 11, the first bridge your train crosses after leaving Ingrow Tunnel. As a result, we really need your help to finance its replacement.

**Ingrid Bridge 11 Appeal**

The railway needs replacement at a cost of £150,000

£150,000 is a considerable amount to spend and we would like your help to raise the necessary finance for this important project to safeguard the future of the Railway.

To see how you can help, visit the [Ingrow Bridge Appeal](https://www.kwvr.co.uk) page on the website.
