

WORTH VALLEY

KEIGHLEY & WORTH VALLEY RAILWAY

TIMETABLE & MAP

1st November 2023 to 31st March 2024

The Keighley & Worth Valley Railway first opened in 1867 to transport coal and textiles to the local mills. We are the only complete, preserved standard gauge branch line in the world. Journey back in time and enjoy five miles of stunning scenery and beautifully preserved stations along the way.

KWVR is a great day out for both families and enthusiasts.

Use the QR Code for more detailed information, timetables, all the latest news and upcoming events across the railway.

KEIGHLEY STATION

The 130-year-old station has been showing signs of its age, with various parts of the station being cordoned off over the past few years, including most recently the entry ramp to Platform 4 on The Keighley & Worth Valley Railway side. Network Rail, via their contractors, AMCO with consultants AECOM, are undertaking a multi-million-pound refurbishment of the station, including significant areas of the KWVR side. The current high-level scope of works for Network Rail is as follows:

- Complete refurbishment of the station forecourt canopies, frontage, drainage and general masonry repairs.
- Large-scale repair and renewal of timber elements throughout the access ramps
- Repair and renewal of the rooves across the entire station building.
- Extensive structural repairs to the currently closed western elevation link bridge
- Masonry and drainage repairs to the western corner of the station building
- Widespread repairs to the eastern face of the main station
- Complete refurbishment of the station footbridge across both pairs of tracks.
- Structural strengthening to the station support structure
- Repairs to the gable end of the café to make the building stable again.

Find out more about the on-going work at Keighley Station, on the website news section: www.kwvr.co.uk/keighley-station/ . Keighley Station is expected to re-open in March 2024.

VINTAGE SHUTTLE BUS

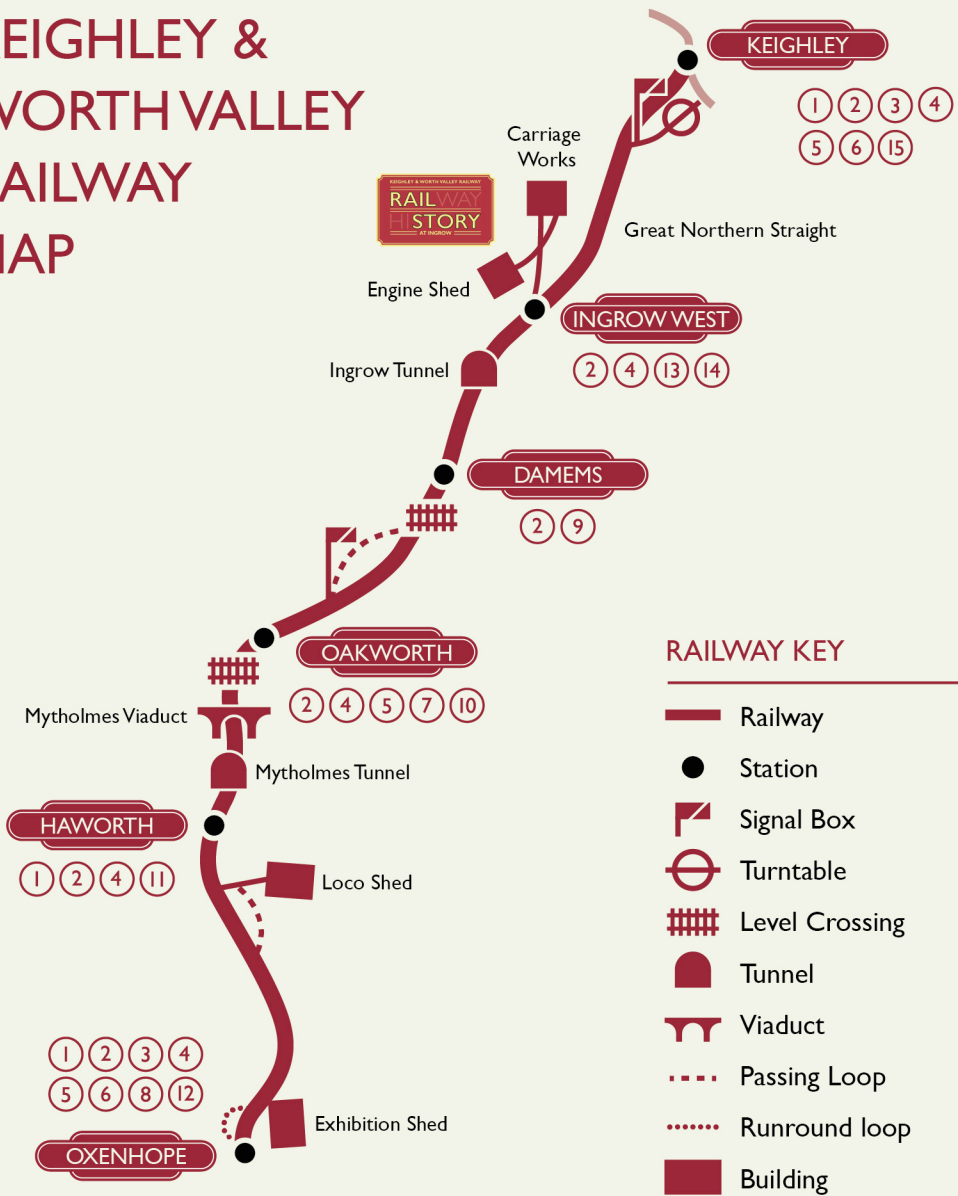

During the refurbishment of Keighley Station, a free bus will run regularly from Keighley Station to Ingrow West Station on running days for KWVR passengers. The Vintage Bus will collect and drop off passengers from the Bus Stop adjacent to Keighley station forecourt on the main road. *Volunteers will be on-hand to assist you with onward requirements.*

◇ does not run, when train timetable G is in service.

The very nature of vintage buses is that they come from an age where accessibility was not a priority. Therefore, as the vehicles are restored to their original condition, those wishing to travel by bus might have difficulty boarding.

NOTES & CODES

a - Arrival time

⚙️ - Steam train

ns - No alighting here

d - Departure time

⚙️ - Heritage Diesel train

◇ - Alight at Ingrow for "Railstory"

na - The train does not stop.

⇌ - Connections with National Rail services

Ⓢ* - Service doesn't run on 24th December

⚙️ - Real Ale Bar Car serving hot, cold & alcoholic drinks. A selection of snacks and confectionery is available too.

x - Request Stop. To board a train, inform the station staff. To alight from a train, inform the Train Guard before the train leaves the previous station.

The hours or times stated in the Company's Timetables, Books, Bills and Notices are appointed as those at which it is intended - so far as circumstances will permit - that the trains shall depart from and arrive at the several stations. Still, their departure or arrival at the time stated is not guaranteed, nor will the Company under any circumstances be held responsible for delay or detention, however occasioned, or any consequences arising there from. The right to alter or suspend the running of any train is reserved.

BRIDGE 27

The Bridge 27 renewal project is quickly coming over the horizon as the next big civil engineering project for the railway. The planning and design are well underway, with September 2024 being the current target date for the main bridge renewal with a three-week closure planned.

The original bridge was built in 1867 before the current bridge was built as part of a reconstruction in 1889. The existing bridge is two separate structures carrying the railway over Bridgehouse Beck, but the two structures share the same abutments and pier.

The current proposal is to replace the existing bridge with a larger steel structure, sitting on piles (deep foundations) which will be installed behind the existing bridge abutments. The new structure would be a large steel U-shaped deck.

The new steel deck will be lifted into place by a 500-ton crane; the crane size shouldn't be underestimated, and it is the biggest crane to have been used on the railway. The deck will be lifted onto the pile caps, which sit on top of the piles and transfer the load from the structure into the piles. The piles are expected to be installed from the 13th of May 2024; once the piles are in place, the track will be reinstated, and the railway will run during the summer as normal, apart from a 10mph speed limit over the bridge.

On Monday 2nd of September, the big work begins, with the existing bridge being removed. The Bahamas Locomotive Society's 50-ton steam crane will assist with work, as they did with Bridge 11; this allows all the demolition work to be done in-house, and we are grateful to BLS for their assistance. The piles will then be exposed, and an external contractor will take over the complex construction of the pile caps. Once the pile caps have achieved strength, the bearings are installed, and the bridge deck can be lifted into place just like that!

This will be, without a doubt one of the biggest civil engineering projects the railway has undertaken. The complexity, scale and costs are far beyond that of the Bridge 11 renewal in 2020.

Keep upto date with all the progress by visiting the website: www.kwvr.co.uk/bridge27/

THE FESTIVE FLYER

CHRISTMAS MARKET - MEET THE REINDEER

Thursday 14th & Friday 15th December

WORTH VALLEY

KEIGHLEY & WORTH VALLEY RAILWAY

RAILWAY HISTORY

AT INGROW

Rail Story feature two accredited museums, the Carriage Works by Vintage Carriage Trust and the Engine Shed by Bahamas Locomotive Society, which will take you back in time to tell the story of rail travel in years gone by.

See one of the finest vintage railway carriage collections in the country and find out how steam locomotives are built and how they work.

Free entry for Day Rover ticket holders.

SAFETY

Please travel safely and follow these guidelines:

- Don't lean out of windows
- Don't open doors or touch handles when the train is moving
- Mind the gap when boarding and alighting the train
- Never walk on or near the track
- Never sit on the edge of the platform

SUPPORT

Volunteering

Our dedicated team of over 500 volunteers are at the heart of the railway. Roles include booking clerks, engine drivers, crossing keepers and many more. We're always looking for new volunteers. Visit kwvr.co.uk/volunteer to find out more.

Membership

Members benefit from three free Day Rover tickets per year, half price travel at most other times, 10% off the on train bar and quarterly copies of our Push & Pull magazine. Visit kwvr.co.uk/membership to become a member.

Donate

The Railway gratefully accepts all forms of donations – with the aim of supporting the maintenance and protection of the structures, buildings, plant, locomotives, rolling stock and equipment of the Railway. Visit kwvr.co.uk/donate to donate.
